	Facilities of attached toilets	Present	

The details of the Central Laboratories

The following central laboratories are functioning in the Dept of Pathology, Microbiology and Biochemistry of AFMC:-

- (i) Hematology
- (ii) Histopathology
- (iii) Cytology
- (iv) Biochemistry
- (v) Bacteriology
- (vi) Virology
- (vii) Mycology
- (viii) Emergency Lab

In addition the following specialized labs are available

- (i) Oncopathology Laboratory
(including Immunohisto-chemistry & Frozen Section)
- (ii) Electron Microscopy facility
- (iii) Haemoglobinopathy laboratory
- (iv) Coagulation laboratory

Equipment's

Important equipment's are as under:-

- (i) Grossing Station
- (ii) Leica Microtome
- (iii) Cryostat (Freezing Microtome)
- (iv) Joel Transmission Electron Microscope
- (v) Leica Ultratome
- (vi) Electrophoresis System
- (vii) Platelet aggregometer
- (viii) Sysmex 18 parameter automated blood cell counter
- (ix) Laminar Flow
- (x) Fully automated biochemistry analyzer
- (xi) Fully automated radioimmunoassay analyzer

Management of Central & Experimental Laboratories

All the laboratories are managed under respective Prof & HsOD

The Oncopathology laboratory functions as the Armed Forces Tumour Registry. It has frozen facilities for Onco-Surgery. A panel of immunohistochemistry reagents are available and referred samples are processed from all the Armed Forces Hospitals and record including blocks and slides of all malignant tumours is maintained.

The electron microscope facility is the only such facility in the Armed Forces. It is used for other departments of AFMC for research purpose in addition to the referral service from other Armed Forces Hospitals

The haemoglobinopathy laboratory gets samples for confirmation from other Armed Forces Hospitals

Coagulation laboratory has facilities to do tests pertaining to thrombosis, Coagulation factor assay, tests for platelet functional defects. Samples are received from all Armed Forces Hospitals as well as patients are referred for various coagulation disorder investigations.

CENTRAL LIBRARY: All reading rooms are fully air-conditioned.
